TRADE TERMS & CONDITIONS

Return Policy: Products are eligible for return or exchange within 6 months of invoice date. No returns will be accepted without our written authorization. Used and/or obsolete inventory will not be accepted for returns and refunds. All authorized returns must be sent in original packaging, with freight prepaid and will be subject to restocking charges. Special order items cannot be returned or exchanged. Returned items, including orders that are packed for delivery but are then cancelled, will be subject to a restocking charge.

All shortages and/or defective products received must be reported to Winco within 5 business days of receipt. All shortages and/or damages to products received must be reported to both the freight carrier and Winco immediately and marked on the Bill of Lading.

Winco is not responsible for printing errors. Prices and specifications are subject to change without notice.

SHIPPING POLICY & CONDITIONS

From time to time, freight carriers will charge for services that are beyond the scope of normal delivery. Winco reserves the right to bill customers for these charges, including sort and segregate, lift gate, inside delivery, additional charges for convention center delivery, etc. These are considered accessorial charges and are not included in the prepaid freight program.

Any charges from freight companies that arise due to incorrect addresses provided by the customer, or rejected shipments that were previously approved will be charge backed to the customer.

SHIPPING BY UPS

Most orders less than pallet loads will be shipped by UPS. UPS's standard calculation of shipping is determined based on the weight of the item x rate. However, if the size of the product reaches a maximum overall dimension, then shipping will be calculated based on the dimension (L x W x H) x rate. The shipping cost based on dimension will most likely be greater than the cost if calculated based on the weight. This is usually applicable for light weight, but bulky items. Regardless of whether the base shipping rate is calculated based on the weight or the dimension of the product, certain items will also be charged an additional Oversize fee, usually due to the length or height of the item.
